

ECHO COE: Essential Geriatrics Part 3

Wednesdays | September 9 – October 14, 2026

3:00pm-4:30pm | Zoom

Project ECHO™ is an “all teach, all learn” model of knowledge dissemination and capacity building.

Fully funded by the Ontario Ministry of Health, the **Essential Geriatrics Part 3** launches on **Wednesday September 9th, 2026** from **3:00pm-4:30pm**. This **FREE** series is designed for all primary care providers and interprofessional team members across Ontario who are interested in enhancing their knowledge of comprehensive geriatric care including the management of complex comorbidities.

#	Series Topics
1	Parkinson's Disease
2	Trauma Informed Care 
3	Flex session – with the topic selected by series Learning Partners
4	EDI Related to Truth & Reconciliation 
5	Cannabis Use in the Older Adult
6	Sexuality

Each **virtual** ECHO session includes a **short didactic** presentation by a specialist on specific topics of interest relevant to care of the older adults, followed by **cases** presented by the learning partners. Feedback and **recommendations** are provided by the health resource team as well as other Learning Partners.
